CATALINA *Above and Below*

Join Cabrillo Marine Aquarium on a truly "unique" trip to see Catalina Island from above and below!

Our exciting schedule includes:

- Close up observation of hagfish, a primitive slime and mucus-producing creature of the deep.
- **Staff divers collecting** a large array of marine animals, including crabs, sea stars, urchins, sharks and a large variety of fish.
- **Searching** for sea birds, seals, sea lions, dolphins and other marine mammals.
- **Visiting** the rarely seen side of Catalina Island with a walking tour of Two Harbors at the Isthmus.
- Chumming for sharks in an attempt to lure these animals for close up observation and tag them for scientific study.
- Surround yourself with CMA researchers, educators and aquarists for hands-on learning throughout the day.

Space is limited...

Price per person: \$95 (\$85 FRIENDS) Reserve your spot early!

Meals will be available for purchase in vessel's fully equipped galley.
