Young Scientists Program Application Teacher Recommendation Form

Student Name:_____________________________________________________________

The above student has applied to Cabrillo Marine Aquarium’s Young Scientists Program in the Aquatic Nursery. This is an intensive research training program that guides students through designing and carrying out independent research projects on Southern California’s marine life. Young scientists must be able to self-manage their project and work with staff and peers as they conduct original scientific investigations in a professional laboratory setting.

Your student is REQUIRED to submit this recommendation form for their application. Depending on your preference, you may give your student this form in a sealed envelope or you may email us a scanned copy to aquaticnursery.research@cmaqua.org. If you have questions, please contact us at 310-548-7562.

Teacher/Mentor Name: __________________________________________________________

School Name and Address: _______________________________________________________
_____________________________________________________________________________
