

# Become a **COASTAL PARK NATURALIST!**

Program made possible by Friends of CMA

Volunteer to become a Coastal Park Naturalist! We are looking for people who enjoy spending time outside, care about the environment, and enjoy educating others about our coastline. Fifth grade students through adults who would like to make a difference in the environment are invited to apply. Whether you are completing service hours\* or are interested in learning by doing, this is an opportunity to share with others while protecting coastal marine habitats and the organisms that live there.

\*If you are participating in this program for academic service hours, please note: training sessions will not be counted towards your hours requirement. Hours will accrue once actual volunteer service is provided.

*No refunds for cancellations unless otherwise noted.*

- Following five consecutive once-a-week training sessions, Coastal Park Naturalists will apply their skills in helping protect the Point Fermin Tidepools, the shoreline along Cabrillo Beach and the adjacent saltmarsh.
- Periodic enrichment training will provide an opportunity for participants to continue learning and to share their experience.
- Training is from 4 to 6pm on five Thursdays: Oct. 11, 18, 25, Nov. 1 & 8. A parent/guardian of minors is required to attend a 30 minute orientation held at the beginning of the first session.
- For further information please call at 310-548-7562
- \$30 uniform and materials fee. Financial assistance is available.
- Pre-registration is required to meet our minimum of 13 participants. A maximum of 25 individuals will be accepted into this training class. Please no walk-ins.
- Please complete and return this form by October 6 to:

**Coastal Park Naturalist  
Cabrillo Marine Aquarium  
3720 Stephen M. White Drive  
San Pedro, CA 90731**

I would like to participate in the October/November  
**Coastal Park Naturalist** program at Cabrillo Beach.
